Rob

I would like to send our material to Vinton Cerf at Google. Can you give me his email address, or can I sent you an email addressed to him that you could forward to him?

I'll give you a call later this morning.

Thanks

Dave

 >>>It was a pleasure speaking with you earlier today. Thank you for forwarding our info on to Brian. As a follow-up, I wanted to let you know that based on very recent conversations with Cisco, Cisco would be interested in looking at making a venture investment in Kewazinga along with one or more financial investors and potentially another strategic partner. And Cisco has permitted me to speak with other potential investors about this.
